

## IN THE QUIANT BOOK OF THE 16th CENTURY

In 300 years the art of brewing became an important industry in England. First in the 13th century brewing became known through waters of Burton on the Trent. Of the many books on the subject of Beer, one in particular deserves special mention. In 1573, H. Knaus published a work in five volumes at Erfurt with the quaint title: "On the Divine Noble Gift, the Philosophical High dear and Wonderful Art of Brewing beer."

### The Bursting Forth of Spring!

Spring is in the air and in the blood! Every warm rain brings forth new life. Any day now you'll be feeling that urge to change the furniture around and do over your house.

A little color here and there — newly painted floors, walls and ceilings — perhaps a table touched up gaily with gleaming enamel.

Obeys that impulse!

Encourage the spirit of Spring by looking in your EATON Catalogue. It's a fund of fresh ideas — almost a course in decorating, and the best place for thrifty-minded shoppers, too!

### SCHOOL TRACK MEET SELECTS PUPILS TO ENTER FINALS

Thursday a track meet took place at the fair ground with pupils of Old Sun, Arrowwood, Alton and Gleichen schools competing. A summary of the results show that Gleichen received 200 first, second and third prizes. Arrowwood 181; Old Sun 89; Alton 11.

Next week on June 7th the finals will be run of at Bassano when the contestants who won places in the above mentioned schools will compete with the Bassano-Brooks and the Strathmore district schools. The competitions will start at ten o'clock. Cups will be awarded to the winners of individual groups, and the district winning the most points at the close of the meet will be awarded the Jimmy Gordon Cup. The trophy was won last year by the Strathmore district.

### THE WORLD OF WHEAT

During these anxious times the farmers of Western Canada are asking what they can best do to help to win a victory for Canada and her allies. Should, for instance, farmers increase or reduce production of this or that agricultural commodity? No one it seems to me, can give any advice about any particular agricultural product, because no one can tell how long the war will last, or even which countries finally will come involved. There are certain things, however, worth bearing in mind. One is that armies, to fight a war, need vast quantities of foodstuffs, and no war has been lost because an army had too much food, but wars have at times been lost because soldiers did not have enough to eat.

Another thing to remember is that there are still 2,000 million people in the world who need food, and will need food every day, and there never has been a single year in all recorded history when all human beings had all the daily bread they really required.

On these two counts alone, then it would seem that it would be both a patriotic duty and a humanitarian act — because no one can foresee the future — if Canadian farmers at least would maintain the present production of agricultural commodities.

### THE WEEK IN EDMONTON

Fifth columnists will receive short shrift in Alberta, according to an announcement made by Premier Albert Hart. Commenting on the recent legal decision that communists are an illegal body and on recent statements in the growing feeling against subversive activities, Mr. Aberhart said "we have no place there here." He promised full aid to the National Defense body in the routing out and suppression of enemy agents.

Meanwhile, popular feeling with the British Legion bodies whose expressed opinions have awakened Canada to the dangers in her midst. There is no doubt that before any possible danger could strike at Canada, the nation will be prepared to deal with Trojan horsemen, if any are still at liberty. As one indignant citizen expressed himself, "If Canada is attacked, the proper place for the fifth column is the obituary column."

### FROM THE FILES OF GLEICHEN CALL TWENTY YEARS AGO

Mr. and Mrs. M. Murray were down from Calgary to spend the 24th with friends.

Mr. and Robt. Landells have returned from Vancouver after an absence of several months.

Mr. and Mrs. Harry Brown are happy over the arrival of a daughter at their home on May 18th.

O. Desjardins returned Sunday after spending two weeks in a Calgary hospital, where he was operated on for appendicitis.

Jas. Leggett was here from Drumheller last week for a couple of days. He is recovering from a serious illness.

A. Jens has started a butcher shop and purchased a livery and dray business at Husar. He will move his family there this week. We expect "Shorty" will be mayor of this thriving new town within a few months.

Mr. and Mrs. John Dufoe left on Monday for Claresholm where Mr. Dufoe has taken the management of a ranch. They will be greatly missed from Gleichen, and it will be difficult to get a man to fill his position as president of the Agricultural Association, which position he has filled most successfully for many years.

Last week we said Mr. McEwen was the oldest man in town which was a mistake. Mr. John Finnigan reached 74

years the other day and says Mr. Jump is past 79.

On Friday Chris Bartsch brought to The Call office a sample of his winter rye grass that measure over 12 inches in height. Mr. Bartsch has over 105 acres of this growing on his farm adjoining Gleichen on the north.

Last Wednesday afternoon was a busy time in Gleichen, and as a result of cleanup day we now have a clean town. The turnout was splendid although a few bad business that could not wait, and perhaps, there were a few out of pure curiosity refused to work, but on the whole a most commendable spirit of interest was shown. The school boys under Principal McKay stormed the town from east to west.

Victoria Day passed quietly in Gleichen. Not even a baseball match could be got up for that day. Bassano refused to come up and the farmers were to busy seeding.
